SULZER'S TRIAL WILL CONTINUE

Governor Loses His Fight to Dismiss Case.

COURT IS NEARLY UNANIMOUS

By a Vote of 51 to 1 Members Overrule Motion of New York Executive's Counsel to Throw Out the Proceedings on the Ground That He Was Unconstitutionally Impeached.

Albany, N. Y., Sept. 23.—Governor William Sulzer must go to trial.

This was decided by the high court of impeachment when by a vote of 51 to 1 its members overruled the motion of the governor's counsel to dismiss the proceedings on the grounds that he was unconstitutionally impeached by the assembly, because that body was in extra session when the impeachment was brought.

Senator Gottfried H. Wende of Buffalo, Democrat, an ardent supporter of the governor, cast the solitary nay. Seven members of the court were absent.

The governor's defeat was the second that had marked the battle waged by his attorneys to annihilate, as far as possible, the impeachment proceedings.

Last week the court thwarted their attempt to prevent four senators from sitting as members.

Their remaining ammunition consists of arguments to prove that certain of the offenses charged against the governor are not impeachable.

The vote was taken in secret session after speeches by the opposing attorneys.

Judge Cullen Presides.

When the time came for the court to render its decision Presiding Judge Cullen announced that he did not feel inclined to use the power granted him under the rules to be the first to express an opinion.

"My brethren," he said, "you will readily appreciate that the point which has been discussed goes to the very foundation of this proceeding. If decided in one way the proceedings must necessarily stop. You have the power to clear the court for private consultation under the rules."

This was done on motion of Judge Cullen, but the vote was later announced in a brief public session and the record of the proceedings was immediately made public.

It showed that a tentative roll call on the motion was immediately taken and the presiding judge delivered a long speech on the points at issue, when his name was called, thirteen on the list.

Judge Cullen's opinion, in substance, was that the provision of the constitution which limited the acts of the legislature in extra session to such subjects as were recommended to it by the governor should be given a reasonable construction.

Upholds the Prosecution.

It upheld the contention of the prosecution that the provision referred to the legislature as a whole and not to the assembly as an independent body.

"So construed," said Judge Cullen, "these subjects all relate to what the legislature as a body can do and not to the power vested in one branch of the legislature."

The legislative roll call brought from Senator Wende the only negative vote. This was followed by a viva voce vote and then, with a final roll call, with the same result.

Wende explained his vote in a brief argument in which he held that when the assembly adjourned sine die some weeks before reconvening to bring the impeachment articles "they foreclosed their right to act upon any question of impeachment when called together in extraordinary session."

The secret session of the court lasted nearly an hour. During the meeting newspaper men and attorneys for the opposing sides were excluded.

TAWNEY RIDICULES RUMORS

Minnesota Denies He Has Been Asked to Resign.

Winona, Minn., Sept. 23.—Former Representative James A. Tawney, chairman of the American section of the international joint commission, an appointee of former President Taft, denied that he has been asked to resign from the commission by President Wilson.

Mr. Tawney expressed surprise at the published report that the president had invited him to relinquish his position.

He was reported to have sent word to the president that "he might be removed, but that he certainly would not resign." He denied also he had sent any word to Mr. Wilson.

VICE ADMIRAL FELLOWS DIES

Noted British Navy Official Succumbs to Heart Disease.

London, Sept. 23.—Vice Admiral Sir John Fellows died suddenly at his home at St. Albans of heart disease. Sir John Fellows was born in 1847 and was recently second in command of the channel squadron. He was aide-de-camp to Queen Victoria in 1892-95.

MOVE TO HURRY MEASURE FAILS

Senate Banking Committee Will Continue Hearings.

CURRENCY BILL MAY FAIL

Senator Shafroth Tries to Procure an Agreement to Close Hearings on Oct. 4, but Meets With Opposition—Senator Weeks Will Call Up Resolution to Have Bill Go Over Until Regular Session.

Washington, Sept. 23.—An attempt to hurry along consideration of the currency bill in the senate banking and currency committee failed at the end of desultory questioning of Samuel Untermyer, who was counsel for the Pulo money trust committee of the last congress.

Senator Shafroth of Colorado tried vainly to procure an agreement to close the hearings before the committee on Saturday, Oct. 4.

Senators Reed of Missouri, Bristow of Kansas and Weeks of Massachusetts declared emphatically against any attempt to limit the consideration of the bill.

"I think other members of the committee are beginning to see," said Senator Weeks, "that this bill will take up most of the fall."

"I propose to call up the resolution I introduced in the senate to allow the bill to go over until the regular session next winter."

Senator Reed declared that hearings were bringing out the points of the bill, which showed the necessity for amendment, and that he was in favor of hearing every one who had any important suggestions to offer.

Senator Bristow insisted that the small country banker should be heard, and Senator Weeks said that he had requests from six Massachusetts bankers who wished to appear before the committee.

In his discussion of the bill Mr. Untermyer criticized vigorously the provisions outlining the character of commercial paper to be used as a basis for currency, declaring that the definition was "hopelessly loose."

TARIFF WORRIES LEADERS

Possibility of Foreign Nations Imposing Penalties.

Washington, Sept. 23.—Apprehension lest the Democratic tariff bill lead foreign nations to impose tariff penalties against the United States as soon as the new law goes into effect caused administration and senate leaders to plan the introduction of a joint resolution in congress making specific provision for the continuation of existing relations with all countries until President Wilson has time to negotiate new trade agreements.

The seriousness of the situation that will confront the administration was impressed upon Chairman Simmons of the senate finance committee by state department officials.

It was pointed out that the trade relations established by President Taft's proclamations under the Payne-Aldrich law of 1909 would terminate as soon as the new law becomes effective and that the United States then would face the possibility of having higher tariff rates applied against its exports by many countries.

SUSPEND THOUSAND PUPILS

Syracuse Students Penalized After Strike Against New Hours.

Syracuse, N. Y., Sept. 23.—One thousand pupils of three Syracuse high schools were indefinitely suspended following a strike as a protest against new hours of study—9 o'clock in the morning to 2:30 in the afternoon.

The striking pupils, many of whom were girls, escaped through windows and side doors, paraded the business streets and held indignation meetings. The pupils demand a return to the old hours, from 8:30 a. m. to 12:50 p. m.

REBELS DYNAMITE PASSENGER TRAIN

Fifty Persons Killed on Mexican Railway.

Laredo, Tex., Sept. 23.—Fifty persons were killed when rebels dynamited a passenger train on the Mexican National railway, sixty miles south of Saltillo, Mex., Friday afternoon, according to official reports to Mexican federal headquarters in Nuevo Laredo.

The train was then looted and the surviving passengers robbed, it is said. Forty federal soldiers and ten second class passengers comprised the official death list. The number of injured was not given.

W. W. Mervain of San Francisco, the only American on the train, is said to have escaped injury, but was robbed.

Two dynamite mines were set off by electricity, it is said. The first class coach was only derailed, but the baggage, express and two second class coaches were blown to pieces.

WILSON FOR ARMOR PLANT

Secretary Daniels Announces President Approves Plan.

Washington, Sept. 23.—Establishment of a great naval armor plant, owned and operated by the government, is favored by President Wilson. Secretary Daniels told callers this with evident elation.

The secretary has been advocating this proposition since he came into office and found the three big armor plate plants of the country submitting identical bids for furnishing battle-ship material.

USHERS AVERT PANIC.

Chicago, Sept. 23.—One thousand persons calmly kept their seats in the Studebaker theater when fire from a short circuit electric wire ignited the bunting with which the stage was decorated. The curtain was lowered and ushers spread through the house warning against a panic.

PEACE IN MEXICO SURE, SAYS BRYAN

Asserts That Only Misguided People Fear War.

JAPAN WATCHING CRISIS.

Congressman Brumbaugh Has Faith in Currency Bill and Makes Known His Reasons—Highest Praise For Four Illustrious Democrats, Wilson, Bryan, Clark and Underwood.

By ARTHUR W. DUNN.

Washington, Sept. 23.—[Special.]—"You may be able to stave it off for a time, but war with Mexico or intervention by the United States is inevitable. Those Mexicans are determined to force the United States to intervene. They are going to become so insolent, so intolerable, that the American people will insist upon action by this government."

That was the language which a prominent man used in speaking to the peacefully inclined secretary of state. "War is barbarous," replied Mr. Bryan. "None but insane people, misguided people and irresponsible people would think of going to war. You are too pessimistic. We will have a peaceful settlement of all our troubles."

And the serene smile upon the face of the secretary showed that he is as confident in this matter as he always has been of success in everything he undertakes.

Japan is Watching.

A retired brigadier general of the army and a captain in the navy, who have spent considerable time on the Pacific coast, are confident that Japan is watching the Mexican situation with the keenest interest and that in case the United States becomes involved with Mexico the demands for Japanese rights in the United States, including the abrogation of the California alien law, will be again urged and, if necessary, with a show of force. While it may be true that many nations of the world are for peace, there is no doubt about the warlike attitude of Japan. Those people, according to the officers, are full of fight.

Reason For His Faith.

Congressman Brumbaugh gave the house reasons for his faith in the currency bill. He said any Democrat could well afford to waive all doubts when the bill had the support of four "most eminent, illustrious and trusted Democratic leaders of the nation." And then he showed that he knew the use of adjectives in the following allusion to the four:

"Our illustrious president, who has won and holds the respect and admiration of his countrymen and the world, who has met and measured up to every delicate emergency with such great consummate skill and patriotic ability as to challenge the praise and receive the applause of all people and whose influence for better things is heard around the world."

"His great secretary of state, William J. Bryan, whose masterful management of that great office as the nation's premier so richly justifies the expectations of his friends, who have loved him and followed him with unexcelled devotion all these years."

"The great speaker of this house, grand old Democratic Champ Clark, whose name has been a synonym for democracy for twenty-five years and whose white plume, like that of Henry of Navarre, is always seen in the front of battle wherever Democratic battles are waged."

"The trusted, loved and respected leader on this floor, Oscar Underwood, a man on whose intellectual brow the fires of genius brilliantly burn and of whom I can fittingly paraphrase Hamlet's lines, 'None knew him but to love him; none named him but to praise.'"

You can't beat that, not in a hurry.

Not a Fair Divide.

Congressman Humphrey was trying to get something for Seattle in the public building when Jerry Donovan broke in. "If there is one state," he said, "that has had its share of 'pork' it is Washington. The last congress gave Washington \$3,535,000, and it gave Connecticut a beggarly \$300,000."

The President Learning.

Gradually the president is acquiring knowledge of congressional procedure. He expected that tariff and currency would have been out of the way long before this time, that he would have had several weeks in New Hampshire and would now be on his way to Panama. But he has given up quite a number of anticipated pleasures as congress plodded slowly on its way.

Then he came back from a week end in New Hampshire so as to be ready to sign the tariff bill as soon as the conferees agreed. The conferees did not agree as speedily as he expected, and then there developed debate in the senate. The president found that debate can be as protracted on a conference report as anything else in the great deliberative body.

Not a Strange Want.

It is announced that both political campaign committees are in need of money. In fact, the want is proclaimed as something vital and as if it was something new. Was there ever a campaign committee that did not want money?

WARM CAMPAIGN IN JERSEY

Chief Interest Is in Democratic Gubernatorial Primary.

Trenton, N. J., Sept. 23.—In the primaries in New Jersey for the nomination of candidates for offices from governor down chief interest centered in the contest between Acting Governor James F. Fielder and Frank S. Katzenbach, Jr., for the Democratic nomination for governor.

Campaign managers for Mr. Fielder, who has the entire support of President Wilson, say the acting governor will win by from 30,000 to 40,000 plurality. The Katzenbach managers claim their candidate will lead by about 10,000 plurality.

Former Governor Edward C. Stokes is expected to win in the Republican primaries for the gubernatorial nomination over State Senator Carlton B. Pierce and former Judge Robert Carr and former Congressman Charles N. Fowler.

A bitter fight is on among the Progressives for the gubernatorial nomination. Former Senator Everett Colby and Edmund B. Osborne are the rival candidates.

FARMERS CAN AID TO AVERT FAMINE

Scarcity of Meat Presents Serious Problem.

Chicago, Sept. 23.—The responsibility for averting a future meat famine was put up to small farmers by speakers at the eighth annual convention of the American Meat Packers' convention.

All the speakers agreed that if the decrease in meat production of the last ten years is not stopped the question of the meat supply for the United States will be most serious.

Among the remedies suggested by the speakers were:

Every small farmer should raise at least two beef steers a year to offset the decrease in production of the great ranches of the West.

The remaining ranges should be cut up in farms to put all farmers on an equal footing.

Development of the hills of New England with their bountiful springs and prevailing shade as a beef producing country.

Substitution of corn for cotton in the Southern states and the consequent development of the cattle and hog production.

The report of the executive committee sounded the first note of the danger of a famine.

"The American meat packing house situation and that of consumers of meat food products in this country are both in a condition more precarious than at any other time in our history," the report stated.

"The shortage of live stock, which has been impressed upon us, as packing house producers, for several years, has been intensified during the last year."

WOUNDS ARE NOT SERIOUS

Suspected Highwaymen Shoot Minneapolis Policeman.

Minneapolis, Sept. 23.—In a gun battle with two suspected highwaymen Patrolman H. J. Winn was shot twice. Neither bullet struck a vital spot, however, and it is believed he will recover. A third bullet tore through a flashlight which he carried at his hip. He was unable to return the fire of his assailants, as the first shot struck him in the right shoulder and as he was transferring his revolver to his left hand he was struck again in the foot and the men, firing a third shot, disappeared.

GROUND TO DEATH.

St. Louis, Sept. 23.—An Italian youth was ground to death in a clay grinder when his father accidentally pulled the cord which set the machine in motion. The two were employed by a brick company and the father had sent his son into the grinder to make some repairs.

CAPTAIN WASHED OVERBOARD

Commander of Barge Meets Death During Lake Storm.

Sault Ste. Marie, Mich., Sept. 23.—At least one life was lost during a gale that swept over Lake Superior. For a time it also was feared that a passenger steamer, carrying at least 200 persons, had been lost, but the vessel, the Huronic of the Northern Navigation company, arrived here after a battle against the wind. She was more than twenty-four hours overdue.

The one victim of the storm was Captain O. W. Holdbridge of the whaleback barge No. 137 of the Pittsburg Steamship company. He was washed overboard from his boat while it was in tow of the steamer Matao, down bound, ore laden, from Two Harbors.

She said she was given some medicine when she got on the New York train and the next she knew was when the Milwaukee police took her in charge.

New York, Sept. 23.—Morris Metzgar, a wealthy resident of Rockaway Beach and a long friend of the late Mayor Gaynor, hanged himself in his barn as Mayor Gaynor's body was being carried to the grave.

The floor of the barn was littered with newspaper accounts of the last honors that were being paid Mayor Gaynor.

Friends of Mr. Metzgar say that he has brooded continuously over the mayor's death.

American Colliery Workers at Benton, Ill., Attack Polish Pitmen as Result of Brutal Killing—Delegation of Citizens and Company of Militia Finally Restore Order.

Springfield, Ill., Sept. 23.—Company F, Fourth Infantry, Illinois national guard, located at Benton, was ordered out by Governor Dunn upon recommendation of Mayor Espy of Benton and Sheriff Vaughan of Franklin county.

By the combined efforts of the local company of the militia and a delegation of citizens led by the mayor the streets were cleared of rioters.

Benton, Ill., Sept. 23.—A race riot between American and Polish miners was begun on the town square here as a result of the double murder of Elwell Hutchins and Quincy Drummonds, who were killed by a band of drunken miners while returning from a Polish dance, where they had furnished the music.

The disturbance assumed such proportions that Mayor Espy swore in twenty-five extra police and sent for the sheriff of Franklin county.

The mayor then mounted a box in the center of the square and sought to pacify the Americans. In spite of his address serious trouble was threatened.

Twenty-five foreigners who appeared on the square were severely beaten and pursued to their homes. Every other foreigner who was found in the streets received similar treatment.

Fifteen Polish miners were arrested and are being held pending an investigation into the double murder.

Three other miners implicated by the testimony of the arrested men at the coroner's inquest are being sought by an armed posse.

The story of the murder was brought to Benton by Harmon Wyatt, the third member of the party of musicians, who escaped with a bullet wound in the arm.

His unconscious form and the bodies of his dead companions were found on the road by a party of automobilists, who stopped when their machine ran over a victim in the gutter.

TWELVE INJURED IN WRECK

Great Northern Train Derailed and Another Runs Into Wreckage.

Everett, Wash., Sept. 23.—More than a dozen passengers on Great Northern overland train No. 4 were injured, one probably mortally and two severely, near Mukilteo, south of Everett, through the breaking of an axle of the tender and the ditching of the locomotive, tender and baggage car.

Before a flagman could be sent back to post a signal a westbound train came along at full speed on the other track. Some of the wreckage lay on the rails and the westbound train crashed into it, but escaped serious damage.

All the injured were brought to a hospital here. Rev. G. W. Granulis of Long Beach, Cal., is expected to die.

COURT IS NEARLY UNANIMOUS

By a Vote of 51 to 1 Members Over-
rule Motion of New York Executive's
Counsel to Throw Out the Proceed-
ings on the Ground That He Was

Albany, N. Y., Sept. 23.—Governor
William Sulzer must go to trial.

This was decided by the high court
of impeachment when by a vote of 51
to 1 its members overruled the motion
of the governor's counsel to dismiss
the proceedings on the grounds that
he was unconstitutionally impeached
by the assembly, because that body

The vote was taken in secret ses-

When the time came for the court
to render its decision Presiding Judge

"My brethren," he said, "you will

This was done on motion of Judge
Cullen, but the vote was later an-
nounced in a brief public session and
the record of the proceedings was im-
mediately made public.

It showed that a tentative roll call
on the motion was immediately taken
and the presiding judge delivered a

Judge Cullen's opinion, in substance,

Upholds the Prosecution.

It upheld the contention of the

"So construed," said Judge Cullen,
"these subjects all relate to what the
legislature as a body can do and not
to the power vested in one branch of
the legislature."

The legislative roll call brought
from Senator Wende the only negative
vote. This was followed by a viva

call, with the same result.

Wende explained his vote in a brief
argument in which he held that when
the assembly adjourned sine die some

The secret session of the court last-
ed nearly an hour. During the meet-
ing newspaper men and attorneys for
the opposing sides were excluded.

He was reported to have sent word

not resign." He denied also he had
sent any word to Mr. Wilson.

owned and operated by the govern-
ment, is favored by President Wilson.
Secretary Daniels told callers this
with evident elation.

The secretary has been advocating
this proposition since he came into
office and found the three big armor
plate plants of the country submitting
identical bids for furnishing battle-
ship material.

USHERS AVERT PANIC.

Chicago, Sept. 23.—One thou-
sand persons calmly kept their
seats in the Studebaker thea-
ter when fire from a short cir-
cuited electric wire ignited the
bunting with which the stage
was decorated. The curtain
was lowered and ushers spread
through the house warning
against a panic.PEACE IN MEXICO

JAPAN WATCHING CRISIS.

Congressman Brumbaugh Has Faith
in Currency Bill and Makes Known
His Reasons—Highest Praise For
Four Illustrous Democrats, Wilson,
Bryan, Clark and Underwood.

By ARTHUR W. DUNN.

Washington, Sept. 23.—[Special.]—
"You may be able to stay it off for a
time, but war with Mexico or interven-
tion by the United States is inevitable.
Those Mexicans are determined to
force the United States to intervene.
They are going to become so insolent,
so intolerable, that the American peo-
ple will insist upon action by this gov-
ernment."

That was the language which a
prominent man used in speaking to the
peacefully inclined secretary of state.
"War is barbarous," replied Mr. Bryan.
"None but insane people, misguided
people and irresponsible people
would think of going to war. You are
too pessimistic. We will have a peace-
ful settlement of all our troubles."

And the serene smile upon the face
of the secretary showed that he is as
confident in this matter as he always
has been of success in everything he
undertakes.

Japan is Watching.

A retired brigadier general of the
army and a captain in the navy, who
have spent considerable time on the
Pacific coast, are confident that Japan
is watching the Mexican situation with
the keenest interest and that in case
the United States becomes involved
with Mexico the demands for Japanese
rights in the United States, including
the abrogation of the California alien
law, will be again urged and, if neces-
sary, with a show of force. While it
may be true that many nations of the
world are for peace, there is no doubt
about the warlike attitude of Japan.
Those people, according to the officers,
are full of fight.

Reason For His Faith.

Congressman Brumbaugh gave the
house reasons for his faith in the cur-
rency bill. He said any Democrat
could well afford to waive all doubts
when the bill had the support of four
"most eminent, illustrious and trusted
Democratic leaders" of the nation.
And then he showed that he knew the
use of adjectives in the following allu-
sion to the four:

"Our illustrious president, who has
won and holds the respect and admi-
ration of his countrymen and the world,
who has met and measured up to every
delicate emergency with such great
consummate skill and patriotic ability
as to challenge the praise and receive
the applause of all people and whose
influence for better things is heard
around the world."

"His great secretary of state, Wil-
liam J. Bryan, whose masterful man-
agement of that great office as the na-
tion's premier so richly justifies the ex-
pectations of his friends, who have
loved him and followed him with un-
excelled devotion all these years."

"The great speaker of this house,
grand old Democratic Champ Clark,
whose name has been a synonym for
democracy for twenty-five years and
whose white plume, like that of Henry
of Navarre, is always seen in the front
of battle wherever Democratic battles
are waged."

"The trusted, loved and respected
leader on this floor, Oscar Underwood,
a man on whose intellectual brow the
fires of genius brilliantly burn and of
whom I can fittingly paraphrase Hal-
leck's lines, 'None knew him but to
love him; none named him but to
praise.'"

You can't beat that, not in a hurry.

Not a Fair Dividend.

Congressman Humphrey was trying
to get something for Seattle in the
public building when Jerry Dome-
vian broke in. "If there is one state,"
he said, "that has had its share of
'pork' it is Washington. The last con-
gress gave Washington \$3,500,000, and
it gave Connecticut a beggarly \$300,
000."

The President Learning.

Gradually the president is acquiring
knowledge of congressional procedure.
He expected that tariff and currency
would have been out of the way long
before this time, that he would have
had several weeks in New Hampshire
and would now be on his way to Pan-
ama. But he has given up quite a num-
ber of anticipated pleasures as con-
gress prolonged slowly on its way.

Then he came back from a week end
in New Hampshire so as to be ready
to sign the tariff bill as soon as the
conference agreed. The conferees did
not agree as speedily as he expected,
and then there developed debate in the
senate. The president found that de-
bate can be as protracted on a confer-
ence report as anything else in the
great deliberative body.

Not a Strange Want.

It is announced that both political
campaign committees are in need of
money. In fact, the want is proclaimed
as something vital and as if it was
something new. Was there ever a
campaign committee that did not want
money?

WARM CAMPAIGN IN JERSEY

Chief Interest is in Democratic Guber-
natorial Primary.

Trenton, N. J., Sept. 23.—In the pri-
maries in New Jersey for the nomina-
tion of candidates for offices from
governor down chief interest centered
in the contest between Acting Gov-
ernor James F. Fielder and Frank S.
Katzenbach, Jr., for the Democratic
nomination for governor.

Campaign managers for Mr. Fielder,
who has the entire support of Presi-
dent Wilson, say the acting governor
will win by from 30,000 to 40,000 plu-
rality. The Katzenbach managers
claim their candidate will lead by
about 10,000 plurality.

Former Governor Edward C. Stokes
is expected to win in the Republican
primaries for the gubernatorial nomi-
nation over State Senator Carlton B.
Pierce and former Judge Robert Car-
roll and former Congressman Charles N.
Fowler.

A bitter fight is on among the Pro-
gressives for the gubernatorial nomi-
nation. Former Senator Everett Colby
and Edmund B. Osborne are the rival
candidates.

FARMERS CAN AID
TO AVERT FAMINEScarcity of Meat Presents Se-
rious Problem.

Chicago, Sept. 23.—The responsibility
for averting a future meat famine
was put up to small farmers by speak-
ers at the eighth annual convention
of the American Meat Packers' con-
vention.

All the speakers agreed that if the
decrease in meat production of the
last ten years is not stopped the
question of the meat supply for the
United States will be most serious.

Among the remedies suggested by
the speakers were:
Every small farmer should raise
at least two beef steers a year to of-
set the decrease in production of the
great ranches of the West.

The remaining ranges should be cut
up in farms to put all farmers on an
equal footing.

Development of the hills of New
England with their bountiful springs
and prevailing shade as a beef pro-
ducing country.

Substitution of corn for cotton in
the Southern states and the con-
sequent development of the cattle and
hog production.

The report of the executive com-
mittee sounded the first note of the
danger of a famine.

"The American meat packing house
situation and that of consumers of
meat food products in this country
are both in a condition more pre-
carious than at any other time in our
history," the report stated.

"The shortage of live stock, which
has been impressed upon us, as pack-
ing house producers, for several
years, has been intensified during the
last year."

WOUNDS ARE NOT SERIOUS

Suspected Highwaymen Shoot Min-
neapolis Policeman.

Minneapolis, Sept. 23.—In a gun
battle with two suspected highwaymen
Patrolman H. J. Winn was shot twice.
Neither bullet struck a vital spot,
however, and it is believed he will re-
cover. A third bullet tore through a
flashlight which he carried at his hip.

He was unable to return the fire of
his assailants, as the first shot struck
him in the right shoulder and as he
was transferring his revolver to his
left hand he was struck again in the
foot and the men, firing a third shot,
disappeared.

GROUND TO DEATH.

St. Louis, Sept. 23.—An Ital-
ian youth was ground to death
in a clay grinder when his
father accidentally pulled the
cord which set the machine
in motion. The two were em-
ployed by a brick company
and the father had sent his
son into the grinder to make
some repairs.

CAPTAIN WASHED OVERBOARD

Commander of Barge Meets Death Dur-
ing Lake Storm.

Sault Ste. Marie, Mich., Sept. 23.—
At least one life was lost during a
gale that swept over Lake Superior.
For a time it also was feared that
a passenger steamer, carrying at least
200 persons, had been lost, but the
vessel, the Huronic of the Northern
Navigation company, arrived here
after a battle against the wind. She
was more than twenty-four hours over-
due.

The one victim of the storm was
Captain O. W. Holdbridge of the Pitts-
burg Steamship company. He was
washed overboard from his boat while
it was in tow of the steamer Maton,
down bound, ore laden, from Two Har-
bors.

SEIZED BY SLAVE AGENTS

Girl Tells Lurid Tale of Kidnapping
From New York to Milwaukee.

Milwaukee, Sept. 23.—Mary Fanke,
a pretty sixteen-year-old Austrian girl,
was picked up here and is thought by
the police to be the victim of New
York white slave agents.

The girl told the police a lurid tale
of her arrival from Austria, imprison-
ment in New York by a man and then
her sudden awakening in Milwaukee,
when she thought she was en route
to Passaic, N. J., where her parents
now live.

She said she was given some medi-
cine when she got on the New York
train and the next she knew was
when the Milwaukee police took her
in charge.

MAYOR'S FRIEND A SUICIDE

Hangs Himself as Body of Gaynor Is
Borne to Grave.

New York, Sept. 23.—Morris Metz-
gar, a wealthy resident of Rockaway
Beach and a lifelong friend of the late
Mayor Gaynor, hanged himself in his
barn as Mayor Gaynor's body was be-
ing carried to the grave.

The floor of the barn was littered
with newspaper accounts of the last
honors that were being paid Mayor
Gaynor.

Friends of Mr. Metzgar say that
he has brooded continuously over the
mayor's death.

Pleads Guilty to Bigamy.

Ann Arbor, Mich., Sept. 23.—David
Cole, who confessed to having three
wives living and one dead, pleaded
guilty to a charge of bigamy in the
circuit court here. He was sentenced
to from one to five years in prison.

Hurt by Lodge "Spanker."

Elkins, W. Va., Sept. 23.—Leo
Phares of Valley Bend is in a crit-
ical condition from injury received
during an initiation ceremony of a
fraternal order. A "spanker" con-
taining a dynamite cap was used. The
cap exploded with much force, inflic-
ting a serious wound.

WERE RETURNING FROM DANCE

American Colliery Workers at Benton,
Ill., Attack Polish Pitmen as Result
of Brutal Killing—Delegation of Citi-
zens and Company of Militia Finally
Restore Order.

Springfield, Ill., Sept. 23.—
Company F, Fourth Infantry,
Illinois national guard, located
at Benton, was ordered out by
Governor Dunn upon recom-
mendation of Mayor Espy of
Benton and Sheriff Vaughan
of Franklin county.
By the combined efforts of
the local company of the mil-
itia and a delegation of citizens
led by the mayor the streets
were cleared of rioters.

Benton, Ill., Sept. 23.—A race riot
between American and Polish miners
was begun on the town square here
as a result of the double murder of
Elwell Hutchins and Quincy Drum-
monds, who were killed by a band
of drunken miners while returning
from a Polish dance, where they had
furnished the music.

The disturbance assumed such pro-
portions that Mayor Espy swore in
twenty-five extra police and sent for
the sheriff of Franklin county.

The mayor then mounted a box in
the center of the square and sought
to pacify the Americans. In spite of
his address serious trouble was
threatened.

Twenty-five foreigners who appear-
ed on the square were severely beat-
en and pursued to their homes. Every
other foreigner who was found in the
streets received similar treatment.

Fifteen Polish miners were arrested
and are being held pending an inves-
tigation into the double murder.

Three other miners implicated by
the testimony of the arrested men at
the coroner's inquest are being sought
by an armed posse.

The story of the murder was
brought to Benton by Harmon Wyant,
the third member of the party of
musicians, who escaped with a bullet
wound in the arm.

His unconscious form and the
bodies of his dead companions were
found on the road by a party of
automobilists, who stopped when
their machine ran over a victim in
the gutter.

TWELVE INJURED IN WRECK

Great Northern Train Derailed and
Another Runs Into Wreckage.

Everett, Wash., Sept. 23.—
More than a dozen passengers on
Great Northern overland train No. 4
were injured, one probably mortally
and two severely, near Mukilteo,
south of Everett, through the break-
ing of an axle of the tender and the
ditching of the locomotive, tender
and baggage car.

Before a flagman could be sent back
to post a signal a westbound train
came along at full speed on the other
track. Some of the wreckage lay on
the rails and the westbound train
crashed into it, but escaped serious
damage.

All the injured were brought to a
hospital here. Rev. G. W. Granall of
Long Beach, Cal., is expected to die.

GOVERNOR EBERHART TALKS

May Call Legislature in November or
December.

St. Paul, Sept. 23.—It is probable
that the special session of the legis-
lature will be called in November or
December. Governor Eberhart said
that he has not yet fixed the date for
the session and that with October
only a week away he does not expect
to call it next month, as he originally
intended. If he does it will be very
late in the month.

The governor also denied vigorously
the rumors that he might decide
not to call the session at all. "I cer-
tainly have said nothing that could
lead any one to that conclusion and
there is no ground for such an as-
sumption," said the governor. "I
have announced that I will call a
special session and there is no change
in the situation."

"There is a strong sentiment in the
country for state control of public
utilities and it is growing rapidly.
The more the question is discussed
the easier it will be to pass a bill."

MINERS TO FIGHT INJUNCTION

Strikers Give Notice They Will Con-
test Order.

Calumet, Mich., Sept. 23.—Officials
of the Western Federation of Miners
gave notice that the injunction grant-
ed by Circuit Judge O'Brien, prohib-
iting picketing and parading by copper
strikers while men are going to or
from work in the mines, will be vig-
orously contested. Claiming the in-
junction is in restraint of the rights of
the strikers its dissolution will be
urged.

Brainerd welcomes the ladies of
the Minnesota Federation of Woman's
clubs which organization began a
three day's session of the nineteenth
convention in this city today. The
interest centering in this meeting of
the women's clubs seem to be more
widespread than usual and the active
work of the organization will be
watched with much attention espe-
cially by the thinking women of the
state and northwest, as the program
is one presenting more topics of pub-
lic welfare than at any time since the
founding of the organization, and the
educational and civic problems up for
discussion will be followed by all who
are interested in the advanced theo-
ries for the betterment of civilization.
The ladies of the federation are
bright women and it is hoped that
their stay in Brainerd will be pleas-
ant and profitable and that their la-
bors will be appreciated by the gen-
eral public whom they aim to benefit
by their efforts for moral and civic
betterments in the great state of Min-
nesota. On behalf of the city of
Brainerd the Dispatch bids them
welcome and success in their work.

The St. Cloud Journal-Press has
the following to say editorially on
the candidacy of Mrs. C. L. Atwood
for the presidency of the Federation
of Women's clubs: "It seems cer-
tain that Mrs. C. L. Atwood of this
city will be elected president of the
Federation of Women's club of Min-
nesota at the convention to be held

at Brainerd this week. She was en-
dorsed Saturday by the Minneapolis
district, and has also received assur-
ance of support from St. Paul, Du-
luth and many clubs in the southern
section of the state, and was enthus-
iastically endorsed by the women's
clubs of her home city, and will un-
doubtedly be honored with a unani-
mous election. Mrs. Atwood will
make an excellent president. She is a
gifted speaker, has a charming per-
sonality, and is thoroughly well
equipped for the responsible position.
St. Cloud will send to Brainerd a
strong delegation of women to work
for her, in case that is necessary. If
the state federation has the good
judgment to select Mrs. Atwood as its
president, it will have made a splen-
did choice, and will have at the head
of the women's club of Minnesota a
woman in every way qualified to dis-
charge her duties with tact, ability
and graciousness."

Keeps Your Stove
"Always Ready for Company"

A bright, clean, glossy stove is the joy
and pride of every housekeeper. But it
is hard to keep a stove nice and shiny—
unless Black Silk Stove Polish is used.

Here is the reason: Black Silk Stove
Polish sticks *right to the iron*. It doesn't
rub off or dust off. Its shine lasts *four*
times longer than the shine of any other
polish. You only need to polish *one-*
fourth as often, yet your stove will be
cleaner, brighter and better looking than
it has been since you first bought it. Use

BLACK SILK STOVE POLISH

on your parlor stove, kitchen stove or gas stove.
Get a can from your hardware or stove dealer.
If you do not find it better than any other stove
polish you have ever used before, your dealer is
authorized to refund your money. But we feel
sure you will agree with the thousands of other
up-to-date women who are now using Black
Silk Stove Polish and who say it is the "best
stove polish ever made."

LIQUID OR PASTE ONE QUALITY

Be sure to get the genuine. Black Silk Stove
Polish costs you no more than the ordinary kind.
Keep your grates, registers, fenders and stove
pipes bright and free from rusting by using
BLACK SILK AIR-DRYING ENAMEL. Brush
free with each can of enamel only.
Use **BLACK SILK METAL POLISH** for silver-
ware, nickel, tinware or brass. It works quickly,
easily, and leaves a brilliant surface. It has no
equal for use on automobiles.

The city of Little Falls has no
right to fire their mayor, the matter
must be referred to the attorney
general.

The fellow who thinks this is next
winter is mistaken, we have a de-
lightful Indian summer coming yet
before the real thing is ushered in.

"Eat what you want when you feel
like it," is the advice offered in a
bulletin issued by the government,
but the Stillwater Gazette thinks the
advice is abbreviated and that in ad-
dition there should be a key as to how
to obtain the money to purchase the
supplies during these days of high
living.

Brainerd welcomes the ladies of
the Minnesota Federation of Women's
clubs which organization began a
three day session of the nineteenth
convention in this city today. The
interest centering in this meeting of
the women's clubs seem to be more
widespread than usual and the active
work of the organization will be
watched with much attention espe-
cially by the thinking women of the
state and northwest, as the program
is one presenting more topics of pub-
lic welfare than at any time since the
founding of the organization, and the
educational and civic problems up
for discussion will be followed by all who
are interested in the advanced theo-
ries for the betterment of civilization.
The ladies of the federation are
bright women and it is hoped that
their stay in Brainerd will be pleas-
ant and profitable and that their la-
bors will be appreciated by the gen-
eral public whom they aim to benefit
by their efforts for moral and civic
betterments in the great state of Min-
nesota. On behalf of the city of
Brainerd the Dispatch bids them
welcome and success in their work.

The St. Cloud Journal-Press has
the following to say editorially on
the candidacy of Mrs. C. L. Atwood
for the presidency of the Federation
of Women's clubs: "It seems cer-
tain that Mrs. C. L. Atwood of this
city will be elected president of the
Federation of Women's club of Min-
nesota at the convention to be held

at Brainerd this week. She was en-
dorsed Saturday by the Minneapolis
district, and has also received assur-
ance of support from St. Paul, Du-
luth and many clubs in the southern
section of the state, and was enthus-
iastically endorsed by the women's
clubs of her home city, and will un-
doubtedly be honored with a unani-
mous election. Mrs. Atwood will
make an excellent president. She is a
gifted speaker, has a charming per-
sonality, and is thoroughly well
equipped for the responsible position.
St. Cloud will send to Brainerd a
strong delegation of women to work
for her, in case that is necessary. If
the state federation has the good
judgment to select Mrs. Atwood as its
president, it will have made a splen-
did choice, and will have at the head
of the women's club of Minnesota a
woman in every way qualified to dis-
charge her duties with tact, ability
and graciousness."

MORNING SESSION OF CONVENTION

Council Meeting and Executive Meeting Slow in Being Assembled

CANDIDATES FOR PRESIDENT

Mrs. V. C. Sherman May Be Made Recording Secretary of the State Federation

The council meeting of the Minneapolis Federation of Women's clubs was delayed this morning on account of slowness on the part of the women to get out their credentials. Federation politics and rumors for the coming election filled the air.

Mrs. V. C. Sherman, the president of the Fifth district, is to be the recording secretary of the state federation to be appointed by Mrs. E. H. Loyhead to fill the place of Mrs. P. J. Schwarg of St. Paul, who has resigned from the office on account of illness. Rumors have it that Mrs. T. F. Kinney, a former president of the Fifth district, Minneapolis, will run for the office of president of the federation in opposition of Mrs. C. L. Atwood of St. Cloud.

Mrs. Atwood is the most favored candidate and in connection with her election is mentioned the name of Mrs. Mary Clark of St. Cloud, as secretary of the state federation.

St. Paul, the Fourth district, so rumor has it, will present a nominee for the office of federation secretary, which is now held by Mrs. Margaret J. Evans of Northfield, who will run again for the office.

A discussion this morning on the question of organizing the Tenth district was of interest, and the statement that the possible election of a new charter might do away with such a plan was pooh poohed at as impossible.

Mrs. Edgar H. Loyhead, who is very anxious to organize the district at this meeting is strongly supported by the Wayzata Woman club. The club has two delegates here and Mrs. C. E. the president of the club, is named as the future president of the district.

Howard Lake, Monticello, Anoka, Excelsior, Wayzata, Excelsior, Taylor Falls, are the possibilities for the district, although Anoka and Excelsior have decided to remain in the Fifth district for the coming year.

The Olympian club is making its debut at the meeting this year. It is a Minneapolis club, was organized by Mrs. C. C. Crane of Minneapolis, and has a membership of twelve already. It is made up largely of members from the Rambler's club, which will be remembered was divided a year ago. Mrs. C. C. Crane is the delegate of the club and although advanced in years she takes a great interest in the convention, having missed but two meetings since belonging to the federation. The Olympian club has direct membership with the federation and also membership on the Fifth district. Mrs. Crane is being entertained at one of the private homes.

Mrs. Egar H. Loyhead, president of the Minnesota Federation of Women's clubs laid down the laws today when she announced her rulings on district president elections at the Minnesota State Federation of Women's clubs convention, saying: "Women of outside district should not vote on the informal ballot for another district, and hereafter every credentialed delegate doing this should lose her vote."

"The vice president is the means by which the president reaches the state districts, and when once a district president is voted informally by its district, she becomes a state officer. Every delegate may present at the informal ballot as many state officers' names for candidate as she wishes with the exception of the vice presidents, which should have their names presented only for the formal ballot to be voted upon by the federation in general. Our constitution is not clear and we also do not read it as thoroughly as we should," said Mrs. Loyhead as she discussed "whether it would be wise to vote by districts on the informal ballot at the state conventions."

This ruling will affect the Fifth district of Minneapolis, which has two candidates for election at the meeting this week, Mrs. Cassius M. Ferguson and Mrs. G. B. Willett, as the friends of the two factions are counting on the support of the outside districts at the informal ballot. Mrs. Ferguson is the favored candi-

date of Minneapolis as far as votes go, having received 85 against 11 for Mrs. Ferguson at the annual district meeting in Minneapolis on Saturday.

At the executive board meeting this morning the following changes on committees were suggested by Mrs. Loyhead:

To make the Art and Handicraft committees one; to change the committee of charities and corrections to to change the household economics to the industrial and social committee; the home economics committee; to put the committee on social hygiene under the public health committee with sub-committees; to change all the district constitutions to harmonize with the state constitution. These changes will be acted upon later at the convention.

FULL TEXT OF THE OPINION

Attorney General Lyndon A. Smith Gives Opinion on City Manager Plan of Government

AFFECTS BRAINERD VITALLY

Constitution Declares Legislative Functions of the Council Cannot be Delegated

In response to an inquiry by the Dispatch, Attorney General Lyndon A. Smith has transmitted the copy of the opinion which affects the proposed city manager plan which charter commissions of Brainerd and Little Falls favored.

At Brainerd the plan was to be submitted to the voters and at Little Falls matters had progressed so far that the proposed charter had already been published in the papers.

The copy of the opinion given in answer to a request from the Winona charter commission reads:

September 16, 1913.

William Codman, Esq., President Winona Charter & Commission Board, Winona, Minnesota.

Dear Sir: Your favor of September 12th to Attorney General Lyndon A. Smith has been by him handed to me for attention.

You inquire whether under the constitution of this state a city may adopt a charter in which it is provided that the chief executive officer of the city shall be a city manager and delegating to the mayor minor duties, such as accepting process when such city is sued, etc.

You call our attention to the city charter of Sumter, South Carolina, and also to other cities having the so-called city manager form of government. The plan of government adopted by Sumter provides for three commissioners, or more. These commissioners have authority to employ a city manager whose duties are to administer the affairs of the city. As I understand it, the form adopted in the Ohio cities follows the Sumter plan.

You desire to know whether under our constitution the Sumter plan may be adopted. Section 36, article 4 of the constitution of the State of Minnesota provides, among other things:

"It shall be a feature of all such charters that there shall be provided, among other things, for a mayor or chief magistrate, and a legislative body of either one or two houses."

Under the provisions of our constitution the legislative functions of the council cannot be delegated. In the case of Minneapolis Gas Light Company vs. City of Minneapolis 36 Minn. 159, at page 162, Mr. Justice Mitchell says:

"Of course, it is elementary that public powers and trusts of a governmental nature, and involving the exercise of legislative discretion, cannot be delegated to others by the city council."

The same learned Justice, in re Wilson 32 Minn. 145, at page 148, says:

"But this power to regulate is vested in the city council. It is a power which they cannot delegate to any person or officer."

It seems, therefore, that any plan in which the legislative powers of the council are delegated to a manager, would be contrary to the provisions of our constitution. There can be no legal objection, however, to delegating ministerial duties to such manager. This rule is clearly stated in the case of Jewell Belting Company vs. Village of Bertha, 91 Minn. 9.

"Merely ministerial functions may be delegated to an officer or committee. Harcourt vs. Common Council, 62 N. J. L. 158, 40 Atl. 690. But such power as requires the exercise of judgment and discretion must be performed by the body itself."

This I believe answers your inquiry.

Yours truly,
ALONZO J. EDGERTON,
Assistant Attorney General.

MORNING SESSION OF CONVENTION

Council Meeting and Executive Meeting Slow in Being Assembled

CANDIDATES FOR PRESIDENT

Mrs. V. C. Sherman May be Made Recording Secretary of the State Federation

The council meeting of the Minneapolis Federation of Women's clubs was delayed this morning on account of slowness on the part of the women to get out their credentials. Federation politics and rumors for the coming election filled the air.

Mrs. V. C. Sherman, the president of the Fifth district, is to be the recording secretary of the state federation to be appointed by Mrs. E. H. Loyhead to fill the place of Mrs. P. J. Schwarz of St. Paul, who has resigned from the office on account of illness. Rumors have it that Mrs. T. F. Kinney, a former president of the Fifth district, Minneapolis, will run for the office of president of the federation in opposition of Mrs. C. L. Atwood of St. Cloud.

Mrs. Atwood is the most favored candidate and in connection with her election is mentioned the name of Mrs. Mary Clark of St. Cloud, as secretary of the state federation.

St. Paul, the Fourth district, so rumor has it, will present a nominee for the office of federation secretary, which is now held by Mrs. Margaret J. Evans of Northfield, who will run again for the office.

A discussion this morning on the question of organizing the Tenth district was of interest, and the statement that the possible election of a new charter might do away with such a plan was pooh poohed at as impossible.

Mrs. Edgar H. Loyhead, who is very anxious to organize the district at this meeting is strongly supported by the Wayzata Woman club. The club has two delegates here and Mrs. Cie, the president of the club, is named as the future president of the district.

Howard Lake, Monticello, Anoka, Excelsior, Wayzata, Sandstone, Taylor Falls, are the possibilities for the district, although Anoka and Excelsior have decided to remain in the Fifth district for the coming year.

The Olympian club is making its debut at the meeting this year. It is a Minneapolis club, was organized by Mrs. C. C. Crane of Minneapolis, and has a membership of twelve already. It is made up largely of members from the Rambler's club, which will be remembered was divided a year ago. Mrs. C. C. Crane is the delegate of the club and although advanced in years she takes a great interest in the convention, having missed but two meetings since belonging to the federation. The Olympian club has direct membership with the federation and also membership on the Fifth district. Mrs. Crane is being entertained at one of the private homes.

Mrs. Egar H. Loyhead, president of the Minnesota Federation of Women's clubs laid down the laws today when she announced her rulings on district president elections at the Minnesota State Federation of Women's clubs convention, saying:

"Women of outside district should not vote on the informal ballot for another district, and hereafter every credentialed delegate doing this should lose her vote.

"The vice president is the means by which the president reaches the state districts, and when once a district president is voted informally by its district, she becomes a state officer. Every delegate may present at the informal ballot as many state officers' names for candidate as she wishes with the exception of the vice presidents, which should have their names presented only for the formal ballot to be voted upon by the federation in general. Our constitution is not clear and we also do not read it as thoroughly as we should," said Mrs. Loyhead as she discussed "whether it would be wise to vote by districts on the informal ballot at the state conventions."

This ruling will affect the Fifth district of Minneapolis, which has two candidates for election at the meeting this week, Mrs. Cassius M. Ferguson and Mrs. G. B. Willett, as the friends of the two factions are counting on the support of the outside districts at the informal ballot. Mrs. Ferguson is the favored candi-

date of Minneapolis as far as votes go, having received 85 against 11 for Mrs. Ferguson at the annual district meeting in Minneapolis on Saturday.

At the executive board meeting this morning the following changes on committees were suggested by Mrs. Loyhead:

To make the Art and Handicraft committees one; to change the committee of charities and corrections to to change the household economics to the industrial and social committee; the home economics committee; to put the committee on social hygiene under the public health committee with sub-committees; to change all the district constitutions to harmonize with the state constitution. These changes will be acted upon later at the convention.

FULL TEXT OF THE OPINION

Attorney General Lyndon A. Smith Gives Opinion on City Manager Plan of Government

AFFECTS BRAINERD VITALLY

Constitution Declares Legislative Functions of the Council Cannot be Delegated

In response to an inquiry by the Dispatch, Attorney General Lyndon A. Smith has transmitted the copy of the opinion which affects the proposed city manager plan which charter commissions of Brainerd and Little Falls favored.

At Brainerd the plan was to be submitted to the voters and at Little Falls matters had progressed so far that the proposed charter had already been published in the papers.

The copy of the opinion given in answer to a request from the Winona charter commission reads:

September 16, 1913.

William Codman, Esq.,

President Winona Charter & Commission Board,

Winona, Minnesota.

Dear Sir:

Your favor of September 12th to Attorney General Lyndon A. Smith has been by him handed to me for attention.

You inquire whether under the constitution of this state a city may adopt a charter in which it is provided that the chief executive officer of the city shall be a city manager and delegating to the mayor minor duties, such as accepting process when such city is sued, etc.

You call our attention to the city charter of Sumter, South Carolina, and also to other cities having the so-called city manager form of government. The plan of government adopted by Sumter provides for three commissioners, or more. These commissioners have authority to employ a city manager whose duties are to administer the affairs of the city. As I understand it, the form adopted in the Ohio cities follows the Sumter plan.

You desire to know whether under our constitution the Sumter plan may be adopted. Section 36, article 4 of the constitution of the State of Minnesota provides, among other things:

"It shall be a feature of all such charters that there shall be provided, among other things, for a mayor or chief magistrate, and a legislative body of either one or two houses."

Under the provisions of our constitution the legislative functions of the council cannot be delegated. In the case of Minneapolis Gas Light Company vs. City of Minneapolis 36 Minn. 159, at page 162, Mr. Justice Mitchell says:

"Of course, it is elementary that public powers and trusts of a governmental nature, and involving the exercise of legislative discretion, cannot be delegated to others by the city council."

The same learned Justice, in re Wilson 32 Minn. 145, at page 148, says:

"But this power to regulate is vested in the city council. It is a power which they cannot delegate to any person or officer."

It seems, therefore, that any plan in which the legislative powers of the council are delegated to a manager, would be contrary to the provisions of our constitution. There can be no legal objection, however, to delegating ministerial duties to such manager. This rule is clearly stated in the case of Jewell Belting Company vs. Village of Bertha, 91 Minn. 9.

"Merely ministerial functions may be delegated to an officer or committee. Harcourt vs. Common Council, 62 N. J. L. 158, 40 Atl. 690. But such power as requires the exercise of judgment and discretion must be performed by the body itself."

This I believe answers your inquiry.

Yours truly,
ALONZO J. EDGERTON,
Assistant Attorney General.

Anna Perkovich, accused of selling liquor without a license, demanded an examination and the case was set for September 29 at 2 P. M. On the charge of keeping an unlicensed drinking place she was fined \$100 and costs of \$10.43 or 90 days.

Suffered Eczema Fifty Years, Now Well

Seems a long time to endure the awful burning, itching, smarting, skin disease known as "tetter"—another name for Eczema. Seems good to realize, also, that Dr. Hobson's Eczema Ointment has proven a perfect cure. Mrs. D. L. Kenney writes: "I cannot sufficiently express my thanks to you for your Dr. Hobson's Eczema Ointment. It has cured my tetters, which has troubled me for over fifty years." All druggists or by mail, 50c. For sale by H. D. Dunn.—Advt.

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists or by mail, 25c. Kickapoo Indian Medicine Company, Philadelphia, Pa., or St. Louis, Mo.—For sale by H. P. Dunn.—Advt. ttt

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once—Stops Falling Out

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits, particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use of Danderine, when you will actually see new hair—fine and downy at first—yet—really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it; surely get a 25 cent bottle of Knowlton's Danderine from any drug

store or toilet counter and just try it.
